

Wildland Fire

SMOKE WORKSHOP

Smoke in the air-
What does it mean to ME?

Bringing private citizens, fire managers & science together

November 6-8, 2014 in Albuquerque, New Mexico

For more information or to register: <http://swfireconsortium.org/smoke-workshop/>

The purpose of this workshop is to provide an opportunity for a diverse group of participants to share information and learn about smoke management techniques, health effects of smoke and sources of information about wildland fire smoke. ****This program is still in development- times and speakers are subject to change.**
